**2018 WV ASHRAE High Performance Buildings Days
Were well attended and provided great information!**

The WV ASHRAE High Performance Buildings Day Chairs would like to thank this year's Speakers and Sponsors for helping make this year's event a big success.

Sponsors included WV State Energy Office, ZMM, ZDS, CMTA and NETL

Chapter Membership News

We would like to Welcome our two newest members: Matthew Cardwell with ZDS Design/Consulting Services, and Stephen Moore with CGP FOODS, INC.

Our Membership Promotions Chair, Art Hallstrom, is working on creating a Membership Directory. This should be ready for distribution in November - so look for your copy.

1. General Electric introduced plans to build the world's first 12-megawatt wind turbine. A super giant off-shore model that is planned to be taller than NYC's 30 Rockefeller Plaza Tower, the "GE Building". Read more on GE's website [HERE](#).
2. Worldwide demand for air conditioners, refrigerators and other cooling devices is expected to nearly triple by 2050. Read more on the International Energy Agency's website [HERE](#).
