# Chapter President's Message

Hello everyone. My name is Garrett Weaver, this year's WV ASHRAE Chapter President. I hope to do my best in following in our past president, David Cotton's footsteps and having a successful and enriching year. We recently held our High-Performance Building Day centered around West Virginia's recent adoption of the ASHRAE 90.1 2013 standard. This event was outstanding and drew a total hybrid attendance of over 40 people.

Our Chapter events this year will have a large focus on indoor air quality and energy use. As buildings continue to age and the need for a healthy environment weigh on everyone's minds, our chapter is going to strive to provide the best education to keep people happy and healthy. Keep a lookout on our website and newsletter for upcoming seminars that focus on this and other great topics.

Besides myself, the other officers helping me lead the chapter are

:Fernanda Delduque- President-Elect, The Thrasher Group, Inc.

Terry Hollandsworth- Vice President and Program Committee Chair

Shane Hall- Treasurer, Midwest Spec

Billy Smith- Secretary, ZDS Design/Consulting Services

Our officer and committee chair contact information can be found on the chapter's website at [wvashrae.org](http://wvashrae.org) and as always feel free to reach out at any time with questions or concerns. I am excited to collaborate with you all in different capacities and look forward to a great year!

Thank you,

Garrett Weaver, WV ASHRAE Chapter President

WV State Energy Office, [garrett.c.weaver@wv.gov](mailto:garrett.c.weaver@wv.gov); 681.770.2752

**Our local Sept event is this Monday.  
Virtual attendance is free.**

# TRAINING WORKSHOP ON ENERGY EFFICIENCY, ENERGY BENCHMARKING, PRODUCTIVITY IMPROVEMENT, AND POLLUTION PREVENTION (P2)

The Industrial Assessment Center (IAC) in the Industrial and Management Systems Engineering (IMSE) Department at West Virginia University will be hosting training workshop on various Energy Efficiency and Productivity Enhancement Tools. Please join us to learn about the technical assistance, funding and training opportunities that can assist your facility with identification, development and adoption of Energy Efficiency and Pollution Prevention (P2) approaches.

## SEPTEMBER 19 (VIRTUAL)

Registration for the workshop is FREE. [Click here](#) to register for the workshop.

Please contact **Dr. Ashish Nimbarte**, [Ashish.Nimbarte@mail.wvu.edu](mailto:Ashish.Nimbarte@mail.wvu.edu), if you need additional information regarding the workshop.

This event is sponsored by grants funded by West Virginia Office of Energy, State Energy Program/DOE and EPA.
